Making A New Landmark of Packaging Tapes!
PACKAGING
## Synthetic Rubber Tape

Thanks for all our valued customers’ support, Hyseal was growing healthily in the past four years. All of your support and trust have been transferred as our motivation, obligation. In 2014 we start hot melt tape production, hope this will bring one more choice for you and will strengthen our win-win relation...
......Making Smartape with HySeal wisdom......
Features:
- Save cost
- Save storage space
- Save transportation space & charge
- Eco-friendly
- Improve efficiency

Color available: transparent, brown, white, red, orange, yellow, green, blue, black, printed.
Serrated Tape

- Serrated Edges
- Very Easy Tear
- Strong Adhesion
- Ideal for Home • Office Application
Crystal Low Noise Tape

Physical and technical data
- Film: Biaxial-Oriented Polypropylene
- Adhesive: Pressure Sensitive Water Base Acrylic
- Width(mm): 36, 38, 45, 48, 50, 60, 72, 75
- Length(m): <132m
- Film Available: 23μ, 25μ, 28μ
Sandwich Printed Tape

- Color: 1~4 colors
- Width: 12~75mm
- Thickness: 36~60μ
- Length: 33~990m
Plain Low Noise Tape

- Film: 38/35/32/28/25/23μ
- Width: 75/72/60/50/48/45/38/36mm
  25/24/19/18/15/12mm
- Adhesive: 15~25gr/m²
- Length: 50~990m
Colorful Low Noise Tape

Film: Biaxial-Oriented Polypropylene
Adhesive: Pressure Sensitive Water Base Acrylic
Color: Red, orange, yellow, green, blue, white, black
Width (mm): 36, 38, 45, 48, 50, 60, 72, 75
Length (m): 50 ~ 990
Thickness (μ): 40 ~ 65
Easy Tear Low Noise Tape

The ETLNT is designed both for industry & home use that generally a tape dispenser is not available. The tape can be tore off with fingers in a correct way. The roughly crushed tape edge is the guarantee of easy tearing by hands.
Machine Roll

Physical and technical data

- **Film**: Biaxial-Oriented Polypropylene
- **Adhesive**: Water Base Acrylic / Hot Melt
- **Width (mm)**: 36, 38, 45, 48, 50, 60, 72, 75
- **Length (m)**: <1800m
- **Film Available**: 23μ, 25μ, 28μ, 32μ
Protection Tape

The tape is designed to protect your object from dust, moisture, friction, damage, etc.

Main features:
- Low tack
- Easy removal
- No residue
- Eco-friendly
Block Roll for SIAT Machine

Main Characteristics
- Untreated backing side
- Special glue formulation
- High Tack
- Width Available: 144/150mm
- Length Available: 990/1056/1320m
- Color Available: white/clear

Dear our valued customers,

Thank you!
For your years of trust,
This is the only incentive for us,
To keep going and creating more benefits for you!
Time will be the witness.

Regards

Office Tape

Ideal for home • school • office
INDUSTRIAL
**Masking Tape**

**Grade A**
- GP Masking Tape
- Temperature Resistance: $\leq 80^\circ C$

**Grade B**
- High Temperature Masking Tape
- Temperature Resistance: $\leq 170^\circ C$

These two grades have the same characteristics as follows:
- Backing: Crepe paper
- Adhesive: Natural rubber
- Total Thickness: $130 \mu m \pm 10$
- Color: Cream white
- Length: $\leq 60 m$
- Width: 9/11/12/18/19/24/25/36/38/45/48/50/60/72/75mm

Main applications: painting, light packaging, binding, surface marking.
- Shelf life: 1 year
- Storage: in original packaging in cool, dry area, away from sunlight, moisture.
- Application: Applied onto clear, dry and oil-free surfaces.
Double Side PP Tape
(For special applications)

Backig material: Silicon release paper
Adhesive: solvent, hot melt, acrylic
Liner material: BOPP film
Thickness: 100μm±5
Strong adhesion
High tensile strength

Double Side Tissue Tape
(For general purpose applications)

Backig material: Silicon release paper
Adhesive: solvent, hot melt, acrylic
Liner material: tissue
Thickness: 90/100μm±5
Easy Tear
High tack, double-sticky

Double Side EVA Foam Tape

Backig material: Silicon release paper
Adhesive: solvent
Thickness: 1mm, 1.5mm, 2mm
Liner material: EVA foam
Paper core: 1.5
Length available: 2-10m
**Paper Tape**

**Kraft Paper Tape**
The most frequently used for general purpose packaging. Coated with hot melt adhesive.

**Reinforced Gum Tape**
The tape is laminated with fiberglass, designed for heavy duty packaging. It has a high resistance to abrasion in transportation. Printed is available.

**Gum Tape**
- Need water to activate
- High adhesion
- Strong tensile strength
- Long shelf life
- Free of pollution
- For special applications
Cloth Tape

Physical and technical data
Backer material: Extruded cloth
Adhesive: Natural rubber
Total thickness: 230/250μm
Adhesion to steel: 10.16N/inch
Mesh: 70
Temperature resistance: 80°C
Width available: 18/24/36/48/50/60/72/75mm
Length: 5-50m
Color available: red, orange, yellow, green, blue, white, black, silver

Main Applications
- Marking, packaging, protecting, fastening, closing
- Bonding of construction films
- Closing of cartons
- Fixing of wires
- Splicing of films
- Carpet fixing
Reflective Warning Tape

- Backing material: PET
- Adhesive: solvent
- Operating temperature: 5-45°C
- Shelf life: 3 years
- Untearable
- Good extensibility
- Excellent for computer cutting
- With release paper

BOPP Warning Tape

- Backing material: BOPP film
- None adhesive
- Single/double color printing
- Two colors printing
- Thickness: 25, 28, 32, 35μ
- Ideal replacement for PE warning tape
PVC Warning Tape

Film: PVC
Adhesive: solvent
Total thickness (µ): 135
Color: red/white; black/yellow; blue/white; green/white; white/black
Application temp (°C): -5 ~ 40
**Aluminium Foil Tape**

Versatile heat-shielding tape to seal ducts.
- Linerless
- Waterproof
- Good adhesion
- High peeling adhesion
- U.V. Resistance
- Flame and moisture resistance
- Indoor and outdoor application

**Reinforced Aluminium Foil Tape**

- Low moisture vapor transmission rate
- Laminated with scrim
- Kraft paper liner
- Coated with solvent acrylic adhesive
- With release paper
- Various applications
- Eco-friendly
Anti-slip Tape

- Film: PET
- Adhesive: Acrylic
- Total thickness: depends on Sandy surface
- Color: Black, grey, blue, green, red, white, glow or mixed
- Water proof
- U.V. resistance
- Easy to use
- With release paper
- Long shelf life
Glow Tape

This product can absorb the light and glow from time to time, when there is darkness while it emits lights as a signal for direction, warning!
Total thickness: 190u
Peeling Adhesion: 6.5N/inch
Brightness color: Kelly
Lasting time: 7 hours
Indoor and outdoor use
Physical and Technical Data

» Backing material: soft PVC
» Type of adhesive: solvent
» Total thickness: 150/180μm
» Adhesion to steel: 1.4N/cm
» Tensile strength: 11N/cm
» Paper core: 1.5", 3"

» Suitable for most electrical insulation application such as splicing and protection.
» Width available: 15mm, 18mm, 19mm
» Color available: red, orange, yellow, green, blue, white, black
